Annual Per Capital Disposal

Employees

Total Number of Employees: 2710

Explain who was included in this number and how was this employee number calculated.

The total number of employees was derived from our Personnel On Board employee data sheet maintained by our Budgets department.

Non-Employee Population

Total number of non-employee population: 10920

Population Type: Visitors

How was this population number determined?

The total number of non employees for 2016 was derived from Visitor sign in sheets available from security office.

Disposal

Total amount disposed: 4,343.20 tons

Total transformation: 0.00

How was this disposal number determined?

The disposal number was calculated from form Solid Waste Disposal & Recycling Reports (Form CEM 4401) that were filled out from Resident Engineers that over saw construction projects in 2016.

Annual Results

	<u>Employee Population</u>		<u>Non-Employee Population</u>	
	<u>Target</u>	<u>Annual</u>	<u>Target</u>	<u>Annual</u>
Per capita Disposal Rate (pounds/person/day):	56.40	8.78	0.00	2.18
Per Capita Transformation Rate:	11.30	0.00		
Calculated Disposal Rate (pounds/person/Day):	--	8.78

Questions

What types of waste are still thrown away (not reused, recycled, or composted)?

Asphalt grindings, treated wood waste, thermoplastic stripping, abrasive blasting material, pavement markers.

What difficulties or obstacles have you had with finding ways to recycle, reuse or compost these types of wastes?

There isn't a current market for recycling the above materials mentioned.

Programs

Recycling

- Beverage containers
- Glass
- Plastics (#3-7)
- Cardboard
- Newspaper
- Office paper (white)
- Office paper (mixed)
- Confidential shredded paper
- Copier/toner cartridges
- Scrap metal
- Wood waste
- Construction materials/debris

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <http://www.calrecycle.ca.gov/StateAgency/Reporting/>

Date Generated: October 9, 2017 3:24 PM

Page 23 of 67

At the District Offices, Headquarters, and the larger field offices, typical office supplies, furniture, and equipment are recycled. For example at District 4, white paper, mixed paper, beverage containers, cardboard, and beverage containers are recycled by a vendor called Recology. Toner cartridges, computers, printers, harddrives are recycled by DGS small business vendor by the name of HiTech Recycling. Hazardous materials like used batteries are recycled by a vendor called AERC Recycling. Another form of Hazardous material is fluorescent light tube recycling handled by DGS Small business vendor Omega Pacific. At some of the smaller field offices, the employees are encouraged to recycle the above-mentioned materials. For example we have deployed Battery recycling containers to field offices similar to the ones given employees in the District Office. Another source of material that Caltrans generates is a result from our construction and maintenance projects. This construction and demolition (C & D) waste debris can vary in type and amount depending on project description and location. Typical C & D waste debris may include concrete, asphalt, steel, and guard railing. Other types of materials that are generated by the Department are a result of the fleet of vehicles owned by Caltrans. Some of these materials include motor oil, engine lubricants, anti-freeze, tires, and solvents. Even though these waste materials do not count towards disposal tonnage they still do get recycled.

Material Exchange

Nonprofit/school donations

Internal property reutilizations

We have property control personnel that donate used furniture to non profit organizations like schools and veterans.

Waste Prevention/Re-use

Reusable pallets

Electronic document storage

Reuse of office furniture, equipment & supplies

Email vs. paper memos

Paper forms reduction - online forms

Electronic document storage

Intranet

Reuse of office furniture, equipment & supplies

Double-sided copies

Email vs. paper memos

Brochures, flyers, newsletters, publications

Organics

Organic Materials Generated at this location:

Food Scraps

Amount of Materials Generated:

8 or more cubic yards of organic material per week (2016)

Determination Type:

Current Service Level Analysis based on hauler bills or receipts

Reuse and Waste Prevention Programs for these materials:

None. Please explain why.

There is no manner in which we can reuse food scraps on a District Office level.

How are you diverting your organic materials at this location?

Diversion Category

Food Scraps and Food Soiled
Paper

Diversion Method

None. Please explain why.

Explanation

We have the vendor Bay Cities Refuse Service hauling the material to landfills.
